# ADVANCED ACCESS CONTROL SYMBOLS™
DATA SHEET

ADVANCED ACCESS CONTROL SYMBOLS is a software package designed to work with any VISIO or SMARTDRAW 'drag and drop' drawing package. It contains pre-configured shapes, symbols and descriptions for all the main access control products such as keypads, entry panels, doors, windows, locks, card swipes, intercoms and many more. ADVANCED ACCESS CONTROL SYMBOLS software contains over 700 colour symbols for use within Visio. Many of the symbols are model specific so that you can show the equipment you use.

Symbols such as walls, gates, roads and trees are also included so that a precise site layout can be drawn.

ADVANCED ACCESS CONTROL SYMBOLS is ideal for CCTV professionals who want to produce good looking CCTV system drawings.

ADVANCED ACCESS CONTROL SYMBOLS is available in English, French, German, Italian and Spanish.
